

The Wildcat Wire

*A monthly connection between school & home to keep parents informed
March 2010*

Dear Parents,

Time to be thinking about Springing ahead and we are hoping to see Spring weather soon! This month brings us the end of the 3rd nine weeks, Parent/Teacher Conferences, and the long awaited Spring Break!

If you have not yet scheduled a conference, please do so soon. It is important to meet with teachers to hear about your child's progress and to make plans for a successful end to the year. Call the office if you have not yet made an appointment. Be aware that there is no school for students on Friday the 12th.

Student pick-up seems to be going well with our new procedure of waiting in the gym. Please remember, if you like to walk-up to pick-up your child, **please do not wait at the outside gym door. You may either ask a teacher out front by the cars to call for your child, or come into the front hall area and ask Mrs. Kent to call for your child.** It gets very congested if parents try to come in or wait at the gym door.

PTO has done many great things for us this year and they are about to kick-off another fundraiser. Be watching for your information to come home soon so that you can help support our school.

Until Next Month,

Sandra Kent
Principal

Remember—You will be asked to update enrollment information at conferences so that we can plan for next school year. Please come prepared with information to update addresses, phone numbers, etc.

DO YOU KNOW ABOUT...????

-Our New Fence?? Soon the playground will be completely fenced in for greater safety during our school day. The West side of the playground, where the storage building used to be, will be expanded and fenced in, so it will limit parking in that area once this process is complete. All Bartlesville Elementary schools have received new fencing for their playgrounds.
